

Designer Babies the corruption of the Trump administration

All Pawns to Africa says the CIA and Vatican

Forward

Glorian Donegan is the genetic pawn parent of Edward Paul Donegan and Barack Obama.

Movig that genetic root into Africa and Africans under cover stories, HLAs and IQ, conceals the real and more desprate plot to move my DNA into Africa.

Some foreign medical alleged need will be the secret excuse to coverup one of the most important criminal enterprises in clandestine history.

This will turn Glorian Donegan into an Ethiopan in a foreigh omlette and break Edward Pauld Donegan's eggs because he is inexplicably white and now an immediate relative of Ethiopians and the Obamas.

Admidst this desperate plot was the intimidation of Judge Roll who was asked for a favor and the silencing of Scalia, who would not co-operate with the Spanish Illuminati.

Those are the Judiciary deaths. There are many more deaths to this story too and Jen Moore will help tell it.

The ABC RICO Designer Babies Rights Scam

Covertly Obtaining the Genes Rights Through the Epsteins and Pizzagate which Fynn of the DIA MKULTRA program objected to

Much of this book will tell that story as the Element A, ELeMent B, Element C RICO scheme to claim rights to genes in manufactured fake claims.

It also therefore goes into the roles of The Epsteins in using abused pizza in my vicinity to manufacture false claims of assets seizures for genetics rights.

As Jen Moore reported children are abused by law enforcement, these law enforcement using the RICO scheme to allege the crimes to me, sieze my genetics assets, and incite retaliation against me.

Mostly it is blacks and gays who wish IVF designer baby rights and plant the shills.

The same people will incite retaliation against me behind the scenes on the forged confessions, and use excuses to protect the behind the scenes sabotage of me from my own scrutiny of that falsity.

Thus this book will also focus on my Wells Fargo firing, in which I met a Doppler of me for the second time I know of (the first at AOL Netscape) and other stories now explain by the ABC Racket.

Elements of the Racket

- **Element A** GRifters will surround me, Shills, and a Plant Lolita will be photographed by a Dopple of me, the Dopple, called a Gull, who will later be tracked down in a behavioral health emergency, the Gull will confess to the Parents in the Room, which are Element C
- **Element B** In Element B the Gull will be chased to place looking like my own, the unwanted conservancy of me will accept his confess and payout a false claim against me which is fact a claim which will benefit the needs of the false conservancy's work.

- **Element C** Racketeering is creating a problem which does not exist so the racket then can become the self enriching solution to the problem. My brother Tom Donegan Mark Weirness Rod Rosenstein and others have long fought to get me called in compentent so they can abusively claim adminstration of my own rights and do so without informing me.

Initially under Obama and Hillary Clinton, the Illuminati have blackmailed or bribed the Donald into it and his adminstration has backed the plan and prosecuted Flynn for revealing it including the Plant Lolita system in which false claims of code wards said to exist in a scheme the Gull, not me, is involved in.

This will focus extensively on the role of stalking by parties not disclosing their identity or motives but who do plant evidence they will need for their fraudulent acts, fraudulent acts intentionally shielded from my own scrutiny via the confrontation of impersonators of me instead.

These impersonators will fake claims they will benefit from as they allege harm to their children by me by staging photos so ridiculous only their shill doppelers of me would confess to or take seriously.

Scheme of Grift

Occurance: Pizzashop

As a coverstory to enable their own acts the Gulls will stare at me in Aviator glasses, law enforcement clothing or other gear to visuall assert I am a suspect while denying to me that I am one.

In hot pursuit from a Parent at Location A pizzashop, the Gull will be chased to a lookike set for the grift, it looks like my apartment and Parents are called, not police.

	shakedown the Gull for Genetics rights	B
--	--	---

IT appears from what I can tell from online that part of the shakedown scheme is the Gull is brought to Justice for the Gulls own acts by a Dominatrix, perhaps one I contacted but then drops contact with me based on incitements or inducements offered to them by the Gulls and FBI, Secret Service, Marshalls, or others.

Racket Conservancy	
Acting on the forged confession, unwanted Parents in the Room racket used the forged confession to drive me out of all places but skid row,, and even skid row and claim my need of them, effectively kidnapped onto their property. Also in my walled off from others celibacy their chosen recipients will be impregnated.	Element C

Becoming a Fly On the Wall with Trump, Flynn, Comey and Sessions

Trump was briefed in on DIA MKULTRA. As Comey was finally effectively read in by now accessible FLynn, who always hated Pizzagate to get rights, Comey objected to human engineering.

But Pence backed it, Comey was fired and the CIA moved Rosenstein in to keep the NIH CIA program on track.

Why did Trump not listen to Comey? Manafort and others had been allowed into genoracketeering during the campaign and the Epstein pedophile ring gaining genetic rights for himself, Robert Kraft, Paul Manafort, and others.

Pence:[Flynn's Son Off the Trump Train](#)

A report from CNN later in the day alleged that the transition team had sought security clearance for Flynn Jr., something for which Pence did not answer in a Tuesday afternoon interview with Jake Tapper. "Well, whatever the appropriate paperwork was to assist him in that regard, Jake, I'm sure was taking place. But that's no longer the case," Pence vaguely said. The transition team has not provided additional details as to why Flynn Jr. is no longer involved but the report went on to suggest that the order for his dismissal came from Trump himself. "All of our families want to be helpful, and four weeks to the day from Election Day, we've got a lot of work to do. But Mike Flynn Jr. is no longer associated with Gen. Flynn's efforts or the transition team, and we're focused eyes forward," Pence said.

Three Conclusions

Recollections

This chapter has some of my recollections, collections of my memories and how they fit into the trains that have railroaded me for forty years because the benefited themselves in railroading me on behalf of MKLUTRA.

Some of these recollections will include statements from my mother and father who formed a deep hatred or cynicism towards people in general.

In my case my hatred of the U.S. Military which betrayed us all.

It is also about learning and realizations, and my path of progress in understanding such as one of the sickening things of all to me is my old opinions, such as my time volunteering with HFCDA, in which I was both pro gay, and pro military for defeating lavender triangle nazis.

It was more the people next to me that sickens me in retrospect.

I have no way at all to shit on or kill every person in the U.S and the fact that I can not has my heart beating out of my chest and exploding with hatred towards everyone in the U.S.,

While I will never succeed in killing you I will help historian shit all over you.
